The Alleged Kings County Insurance Job.

the Insurance on the County Buildings-The Law Committee of the Supervisors Looking Into the Matter-No Regard for the Taxpayers.

Through the introduction of a resolution in the ard of Supervisors at their last session, at the Board of Supervisors at their last session, at the instance of Mr. E. J. Lowber, President of the Corn Exchange Insurance Company, of New York, who wished to make a transfer of the policies of insurance on the county buildings, it has been discovered that fifteen per cent or more might be saved for the taxpayers of Kings county. Yesterday the Law Committee of the Board, to whom the matter was referred to investigate, to whom the matter was referred to investigate. met in the Supervisors' room. General Crooks, chairman of the committee, presided and called the

ollowing expianation as to his object in having the resolution introduced:—Two months before the expiration of the policy on the county property I ascertained that George G. Herman was the agent. I called on Mr. Herman, and he informed me that he was such agent, being appointed by the Superintendents of the Poor. I then asked him to allow as President of the Corn Exchange Company, place the risks, and told him that I would make the forms, &c., necessary, and charge him ing for it, and that the only benefit I expected derive from the matter would be the exchange business for the company of which I am presient, &c. The various insurance companies were in the habit of accepting exchanges and paying five per cent for exchanges among themselves. This would not affect the interest of the county of Kings in the least. Mr. Herman said that

and let me know in a few days. A few days after he said he had consulted with the Superintendents of the Poor and that there was no objection, and that he would furnish me the list of insurances which he had. He did so, and I sent a surveyor to examine these. The buildingss were then insured for \$245,000, but the Superintendents wanted to put \$100,000 more insurance on them. The surveyor was employed on the buildings for a whole week, and when he was ready I directed him to call on all the insurance companies which had risks on the buildings and inform them that the business in future should be done on the basis of exchanges. All the companies assented to this, and either exchanged business or paid ave per cent except the Kings County Insurance Company. The check of the Kings county Superintendents of the Poor was made payable to the Corn Exchange Insurance Company, and we paid the premiums to all the other companies in checks on the Gorn Exchange Company, making a rebatement of 5per cent, which was made to Mr. Herman, agent of the Superintendents of the Poor. It has been customary for the last year to make a rebate to all parties, either the insured party or the broker. Previously the broker got it only. The five per cent. Mr. F. T. Backus was next called, and made a statement as follows.—In 1861 the Board of Supervisors of Kings county directed insurance to be put on the county property in Brosklyn companies. The Kings County Insurance Company had a policy in 1861, which was get up under the advice of Mr. Driggs and the County Treasurer, who gave his check to each company separately for the insurance. Our policy continued to be paid up from that time. A few years since it was thought desirable by the insurance companies to have a unithat time. A few years since it was thought desirable by the insurance companies to have a uniform note of risk on the county buildings, and Mr. Kirby, then Supermitendent of the Poor, was empowered to classify the risks, and he was paid ten per ceat brokerage by the companies for his trouble. These policies made then continued in force until July, 1870, when an order came from the Commercial Exchange Company less fifteen per cent resulted by them. Afterwards they demanded five per cent additional I demarted as a taxpayer. I saw that the county was being chiselied out of \$900, and I felt it my duty to expose it. The whole thing is a humbug from beginning to end. The fifteen per cent is fraudulently taken from the county, When I refused to pay the five per cent to the Corn Exchange Company they sent me an order to cancel the policy, which I refused to do, on the ground that they had no authority to cancel it. I hold my company lable on this policy, and

IP WE LOSE WE ARE BOUND TO PAY.

This concluded the statements taken in the case, and at the conclusion of Mr. Backus' statement Supervisor Crooke, after a short consultation with his conferes, announced that the investigation was ended and that a feport would be made to the Board of Supervisors on Friday next.

After the adjournment an angry discussion arose among the parties interested. One of the counsel talked loudly of the meanness of a man who would call a man a "blackmailer" behind his back and be afraid to do so before his face. Mr. Backus, one of the committee, called the aforesaid counsel a "pet-lifogger."
